FARNSWORTH HOUSE

The student body of Gould Academy is indeed fortunate to have the use of the Farnsworth House. It is one of the finest physical education plants in the country. In the words of our headmaster, Mr. Ireland, "It is not the purpose of this building to serve as a stadium for the individual team or contestant but as a place where everyone can find enjoyable and healthful exercise under careful supervision and expert teaching all year, in accordance with established rules and in the spirit of true sportsmanship, which seeks to win for oneself at the same time that every rightful opportunity is given to others".

This new and possibly the best addition to the campus is the scene of arduous

athletic activity from morning till late afternoon. The building was constructed in the New England Georgian style, and has two distinct parts: the Cage and the Locker building. There are more than adequate facilities to insure better health among the students, indeed a wing of the main locker building is devoted to the doctor's office, a waiting room, laboratory, and examination room. Dr. Laurence and Miss Davis, a trained nurse, are in constant attendance during the school day. Among the many innovations introduced is a complete physical examination which is given to each pupil. Tests of sight and hearing and immunization against smallpox and diphtheria are also part of this program. The locker

building contains locker rooms and showers for both home and visiting teams, the physical education instructor's office, equipment room and equipment drying room. As correct posture is a recognized factor for continued good health, on the first floor there is a corrective exercise room with exercise bars, horizontal bar and ladder, mats and boxing equipment. Every day corrective exercise classes are held, and once a week on Tuesday afternoons, a boxing class is conducted. Also there is a joint room used by Mr. Hunsicker and Dr. Laurence where photographic records of posture are kept and taken. Here various tests of strength and coordination are given. In connection with physical development, each student is required to pass in on the fifteenth of each month, a chart containing weekly records taken by the individual of his weight, height and proficiency in certain required exercises. These are the Pull Ups (from the bars), the "L" Test, Push Up (from the floor), and the Abdominal exercise.

There is a well rounded intermural sports program for those who are not out for some varsity sport. All intermural activities as well as the numerous other events which take place there are under the able direction of Mr. Hunsicker, who endeavors to acquaint us with the many fine points in present-day athletics. The students are divided into two teams, the Blue and Gold, and the competition is highly competitive with points awarded both winner and loser for each contest in the fall, winter, and spring. The team winning a number of games in a particular sport or game is awarded extra points. Weekly team standings are posted on the locker room bulletin board and winners are announced at the end of the school year. This program is

carried on from three to four in the afternoon with a few competent post-graduates with a thorough knowledge of the games officiating. In the fall, touch football, soccer and goal high are played in the adjoining athletic field, while in the winter, squash, badminton, volley ball, and handball are played in three courts provided for that purpose.

The field house proper better known as the Cage, which many colleges might well envy, has a dirt floor 150 feet by 150 feet with a track 11 laps to the mile. In the fall, football practice, both team and intermural are enjoyed there, and many take the opportunity to use the tennis court. In the winter, a basketball floor 84 feet by 60 is laid upon a certain portion of the dirt surface. This floor is the maximum size a high school floor can be and provides an unexcelled playing area. Also, there is a practice area for the shot-put and the jumping events while the track itself is in constant use. A huge net covers the entire ceiling to insure safety during the spring baseball practice which is held there.

On the sixteenth of October, nineteen hundred and forty-one this building was dedicated by the trustees of the trust for charitable and educational purposes in the name of Dr. George Bourne Farnsworth. This fieldhouse is the achievement of one of his dreams for further student development and is a fitting example of Mr. William Bingham's generosity to the school. At that time we were fortunate to have as guest speaker the noted sports writer, Bill Cunningham, who gave a spirited talk on the ideals and principles of democracy upheld by the team spirit and athletic endeavor fostered by just such institutions as our fieldhouse.

Commencement of 1941

Although the Commencement of 1941 is now in the annals of ancient history, and another commencement is rushing upon us, let us go back to the week end of June 14, 1941, and recall once again that graduation.

For the first time at Gould, a Class Day was held on Saturday afternoon, opening the graduation festivities. Everyone had a grand time with lots of fun and good-natured remarks exchanged. The following program was presented:

of Sullivan's "March of the Peers" from "Iolanthe" played by the school orchestra under the direction of Miss Griggs. After the invocation by Reverend M. A. Gordon, the Girl's Glee Club sang two selections.

The Salutatory address of welcome was given by Amy Bennett followed by an orchestral selection. Fern Lane presented the Class Gift, which was a large Gould Academy banner in our school colors of blue and gold. This was accepted by our Headmaster, Elwood F. Ireland.

Natalie Foster presented the Twentieth Century Club Banner, and the Junior Class President, Fremont Ireland, Jr., accepted it. After this the Boy's Glee Club sang a selection. June Chipman gave an excellent

valedictory address bidding goodbye to the school for the Class of 1941 and urging the underclassmen to preserve the traditions of Gould.

Dr. Payson Smith of Cambridge, Massachusetts gave the Commencement address, which was a stirring and timely speech on "Freedom and Law". The speech was followed by two selections by the Varsity Glee Club.

Next came the presentation of prizes and diplomas by Mr. Ireland. The following awards were made:

After the benediction and recessional, the graduates and alumni attended the Alumni Luncheon, at which Dr. Payson Smith was again the speaker. After dinner, the an-

nual baseball game was held between the Alumni and Gould teams with a score of 10-5 in favor of the Alumni.

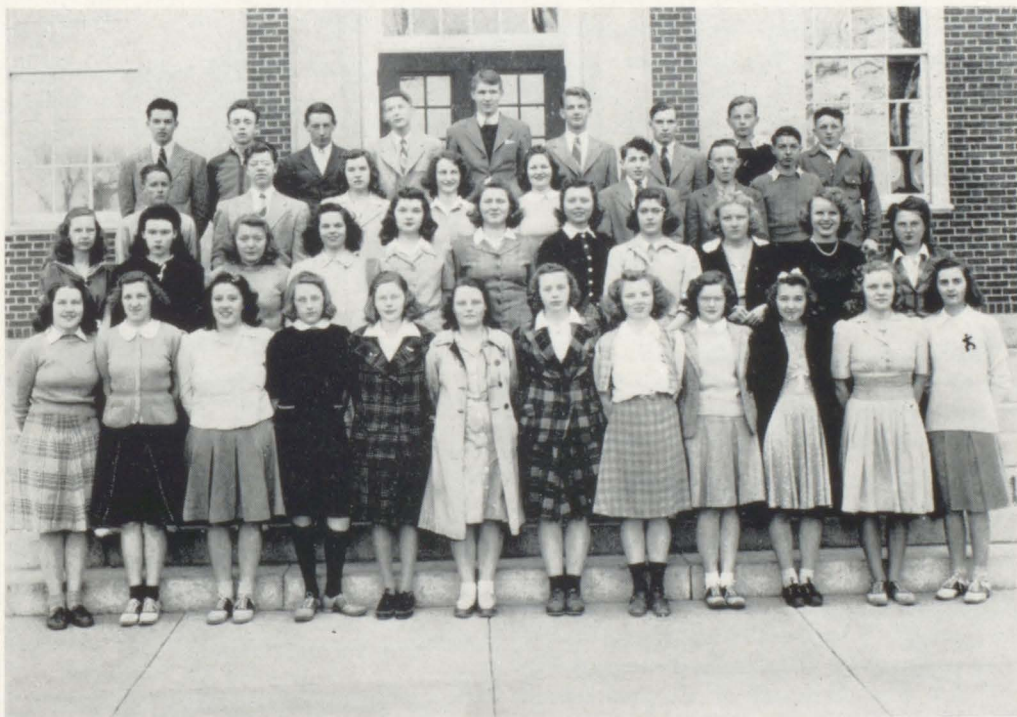

Thus, another Gould Academy graduation was brought to a happy and successful close.

HERBERTINA NORTON

Junior Notes

The young people today of college and high school age, as well as the ones that are in their upper class years of grammar school, are the ones that are going to have the world's reins in their hands when this great struggle for world supremacy between the forces of democracy and militaristic rule is over.

Our Junior Class here at Gould might be taken as representative of the average ages of the future leaders of the world. Let us take a look at what these students are doing to prepare themselves.

JUNIOR CLASS

Early in the school year the class as a whole nominated and elected their class officials for the year. Malcolm Brown, who for two years was our president, was defeated by Glendon McAlister this year. Nora Chipman is vice president, Louisa Bacon, secretary, and Robert Golderman is treasurer.

Nearly a half of the forty-four students are preparing themselves for college. The remainder of the class is divided between the other three major courses offered here. Ten of the twenty-six girls are studying chiefly home economics, and four have visions of—well, we'll leave their visions out. 'Tis enough to say they plan to enter the realm of the business world. Six boys are taking manual training courses. Three are majoring in commercial studies and the remaining nine have hopes of getting a still more specialized education at college before they step out into the world for themselves.

As a whole our class has some quite individualistic people. We have them all from shy and restrained to hilarious and always on-the-go. Now, since my aim is to give each one of my classmates something to remember his happy (!) school days by, and after a word of caution—"To have striven, to have made an effort, to have been true to certain ideals—this alone is worth the struggle,"—let's go on.

Phyllis Andrews—May she realize success in journalism and get enough swimming during the summer to last her during the winter.

Wilma Bean—The quietest, yet the friendliest girl in our class. She does very well in her studies too.

Alice Bennett—She is wide awake; as they say, "on her toes" and always has a smile ready. I hear she also is striving for the unknown, an A plus report card. Good going Alice! With your combination of abilities you'll go far.

Vernon Bennett—He'll know better than let Bud Clough's left fist make connections with his jaw next time. We are sorry, Vernon, so don't let us get your goat.

Violet Brooks—Here is a jolly girl if there ever was one. A careless spring breeze that makes the violets bloom in May and the brooks lose their icy coverings in April—that's Violet. (We wouldn't know about the rest of the year.)

Malcolm Brown—He seems to have won his share of skiing honors this year. Many hopes for the future, Malcolm.

Albert Buck—A trustworthy soul, no doubt, but don't trust him if you plan to leave Bethel by bus some night. Anything might happen.

Marion Chapman—Another of our classmates who is attracted by the words "private secretary". We don't blame you, Marion!

Nora Chipman—To the winner of the citizenship award last year, she deserved it. Nora has abilities in sports and in studies. All around she's "swell" and if you don't know her you'd better get acquainted; you'll never regret it.

Ida Clough—Miss Newman's "coordination" doesn't bother Ida at all. Everyone else in gym class may be all tangled up but not Ida. Don't tell us she wouldn't make an able gym teacher—that's what she wants to do—because we would be disappointed.

Arlene Donahue—Cheer up boys, remember your pretty nurse if you get banged up, so don't feel too badly. And, anyway, if you don't get her, your girl friends will and it will be her you'll have to thank for your girl's beautiful new hair-do.

Mary Dorion—Mary is a swell guard on the basketball floor but music is her chief concern.

Arthur Emerson—We want to hear more of your singing, and if you can yodel, as I've heard you can, let us have a little of it. Then we might appreciate the arts of cowboy music more.

Dora Gallant—There is an old saying that good things come in small packages. If you know Dora you'll agree. Dora I hear, wants to go to Farmington. More power to you!

Robert Golderman—Goldie ought to study to be a lawyer. He could convince you that the moon is made of cheese if he really wanted to try it. Reading is his occupation and music his hobby.

Rachel Gordon—Here is a girl who likes to read and reading is very good for one. It broadens the mind and I know Rachel will find a use for all her interesting bits of knowledge when her future boss takes his secretary out to dinner. That's okay, Rae.

Carolyn Goudy—Here is a doll who can cut a pretty figure on skates as well as in men's hearts. What a wonderful nurse she is going to be. Don't you envy her patients?

Barbara Graves—Her ambition is to sing with a good orchestra. One like Glenn Miller's would be perfectly satisfactory. Barbara has a good voice and I've heard her make good use of it. Music stays under your skin when once it gets there, doesn't it Barbara?

Robert Greenleaf—If it's a business course he's taking he's not going wrong. Perhaps Bob will be the John L. Lewis who will finally solve our economic problems. At any rate, we hope someone does soon.

Madeline Hart—She's a very quiet girl who looks as if she stepped out of a cameo and she acts like it. It wouldn't hurt some of the rest of us if we tried being a little more like Madeline would it?

Harriett Holmes—"Harry" is another of these musical people playing the piano and the saxophone. She also is a conscientious student—a rare find.

Francis Holt—Here is Miss Bailey's first prodigy in Geometry but we don't hold that against him. It's wonderful the way he never has his homework done. How does he do it?

Richard Jordan—Dick, here's a boy after Mr. Fossett's heart—he likes hunting and fishing, wants to be a mechanic, and we are sure he'll succeed.

Beverly Kneeland—Bev and Dora Gallant seem to have something in common besides the idea of going to Farmington Normal school. Beverly ought to be voted the girl with the prettiest hair in school besides having a winning smile and personality.

Victor Kahill—In English class Victor has learned many things. Do you remember your future wife's name, Victor?

Geneva Lane—We're waiting for you to give us a sample of your art talent, Geneva. Don't keep us in suspense much longer.

Vera Leighton—From all reports I've heard Vera plays a game of basketball that's all right. She and Violet Brooks stick like two burrs but Vera, well, she's different from Violet. Hello, Vi!

Earl Littlefield—We don't know whether it is patriotism or not (we hope it is) but Earl seems to be doing his share of defense savings stamp purchasing.

Glendon McAlister—Of this promising young man we find he collects stamps, likes basketball, and wants to be a book-keeper or an accountant.

Gladys Newswanger—This young Juliet is studying to follow in her father's footsteps. Medicine, it has often been said, is a noble profession and the world has need of more doctors than it has now. Success to you, Gladys!

Ellen Peabody—Here's that glamour gal again, who's always showing up in the most unexpected places. What do you say we call her "jack-in-the-box"?

Ivy Philbrook—Ask any boy and he'll tell you a quiet girl is a rare find, but we all must agree that in Ivy "more is meant than meets the eye".

Barbara Poole—"Pooley" we all sympathize with you, but really you shouldn't take gym classes so seriously. The only trouble is you watch all your own mistakes and don't even notice the rest of us doing a still worse job on gymnastics.

Clark Richmond—Clark, and I don't mean "Sandy", has a rare appetite for root beer. Maybe it gives him vitality for playing basketball; anyhow, he's a member of our championship team this year.

Hugh Scarborough—Miss Bailey seems to enjoy teaching Hugh geometry. Hugh is determined, usually, that he can not prove a theory. His determination is usually broken by the time he returns from the board because, lo and behold, he's done the seemingly impossible. This is beside the point Hugh, but what's the nightly attraction?

Clayton Sweatt—It has been reported that Clayton is doing excellent work with photography so here's to a future expert.

Norman Torrey—A somewhat serious minded young man who wants to

teach History. He likes baseball and sailing, so he says.

Robert Townsend—Here's a tennis player with some promise. Keep up the good work, Bob! Does he remember a certain mince pie? Sometimes someone wonders and it isn't "Mickey" Mouse.

Marion Waterhouse—"Still waters run deep" applies to Marion. Ever faithful in her work and friends, when opportunity knocks at her door here's hoping she is there to answer the call.

Carolyn Wight—The general opinion of Carolyn is that there is nothing wrong with her. We are proud of our Queen and our reliable cheer leader. Carolyn is studious, too, which proves there is a happy medium.

Elizabeth Wight—Here we meet a rather talented pianist and if she continues the work she has planned for herself she will have her own orchestra some day. And here is a little secret, but don't tell her I told; she likes sp(b)ruce gum.

William Wright—Bill has done outstanding work on the basketball floor this year. He doesn't know whether or not he will go to an engineering school when he leaves Gould, but whatever he does his determination will stand by him well.

As for me, life is a deep dark secret.

LOUISA BACON

Sophomore Notes

The class of '44 is here again, but this time we have ascended another wrung in our ladder of knowledge and success (I hope), and are beginning to feel at home in Gould. As we have progressed during the last one and one-half years our class has taken increased interest and cooperation in the school curriculum.

On the field of athletics we have many enthusiasts. Many men were out for football, several of whom should compose a good part of next year's team. In winter sports we contributed many stars to both skiing and basketball. As an example of our basketball skill, I might add that we were the victors of the class basketball tournament for boys. A number of our class are giving attention to track and baseball. At the same time the girls have been showing their ability in such sports as field hockey, archery, badminton, and basketball.

I also see where many of our girls are looking into the future and taking the home economics course.

At our first class meeting we voted, with the following results, for class officers:

<i>President</i>	JAMES REID
<i>Vice-President</i>	BARBARA COOLIDGE
<i>Secretary</i>	GILBERT LECLAIR
<i>Treasurer</i>	FRANCIS BERRY

This gives you a brief idea of our activities, and now I would like you to meet:

Now that you have met the fifty-seven varied members of our reception line, I solemnly hope that those said members will deal gently with me.

Freshman Notes

Fifty-five timid freshmen climbed up the steps of Hanscom Hall last September with a bit of uncertainty and a great deal of expectation in their hearts.

We soon got acquainted, however, and elected class officers with these results: President, Archie Young; Vice President, Mary Gibbs; Secretary, Katharine Kellogg; Treasurer, Richard Bryant. Our class colors are royal blue and white and our motto is "Facta non verba" which means "Deeds, not words".

The first social event of the season was the Freshman Reception where we were officially welcomed to the school.

Mary Sue Adams and Stanley Bean were chosen to represent us in the Student Council.

Several freshmen are members of the Art Club, Band, Orchestra, Glee Club, Outing Club, and Girl Reserves.

Some boys went out for basketball, football, and track while several of the girls participated in hockey, basketball, hiking, and archery. Both boys and girls went out for skiing.

A number of freshmen are buying Defense Stamps in an effort to help the nation and the class to win.

We are trying to uphold the traditions of Gould Academy and make her as proud of us as we are of her.

School Notes

To myself has been assigned the mammoth task of chronicling all the events of this year into an article called School Notes.

School started on September 9. There were seven new members in the faculty: Miss Smith from Sebago who teaches American and Ancient History and regales us with reminiscences of her youth; Mr. Bateman, from Concord, N. H., our instructor who showers us with European History, Civics, and Problems of Democracy; Mr. Hunsicker, from Springfield, who conducts boys' gym in the Field House; Mr. Fortier from Dover-Foxcroft, Instructor in Chemistry; Miss Gallagher from Caribou, Home Economics teacher; Miss Newman from Westfield, N. J., our beloved girls' gym teacher; Dr. H. T. Lawrence, who is full time school physician, and our efficient nurse, Phyllis Davis.

The Freshman Reception was a great success with the usual treat of punch and cookies, and was held on October 10.

The Farnsworth House Dedication on October 16, was a most outstanding cere-

mony. I have long been an ardent reader of Bill Cunningham, and to hear him speak was truly impressive.

On October 31, a gala Hallowe'en party was held in the gym which bristled with witches, pumpkins, corn stalks, and black and orange crepe paper. Clever skits put on by each class show that not a few of us have careers on Broadway wide open to us.

The school year has been livened by several parties held in both dorms. On November 15, a "Sprawl at Holden Hall" was enjoyed by all. On Saturday, January 25, a party for the boys was held in the girls' dorm.

The Senior Play, "Night of January 16th", went off very well, despite Miss Soule's anxiety.

On January 9, the first basketball game was held in the Farnsworth House. What an improvement on games in the gym! There is plenty of room in the cage to expand, vociferate loudly, and gesticulate without incapacitating anyone.

A number of interesting and educational programs have been held from time to time. The first was Ben Ferrier, Canadian explorer who lectured about his explorations in the North. On Parents' Night, we all went to school in the evening so our parents could see us get "A" in Algebra. Pitt Parker started the evening off with his cartoons, clay modeling, and philosophy. Two weeks later a pair of musicians, Beatrice and Jack Henderson entertained us. The Veine Slout Co. Radio Performers entertained us with the skits "Taming of the Shrew" and "Rip Van Winkle", a few months ago.

The innovation of several hundred excellent books in the school library has caused a furor among the students. From the way they have been traveling in and out of the library, they will doubtless be in shreds before long.

Another improvement which drew exclamations of rapture from the good ladies on Parents' Night is the modernization of the Home Economics Cottage with a refrigerator, two General Electric stoves, and a new kerosene burner.

With the advent of a school doctor, thorough physical examinations were given all the students last fall. It is gratifying to note that nothing more than fallen arches or round shoulders was seriously wrong with any of us.

Gould won its own Winter Carnival this year, during which time the campus was decorated with several pieces of excellent snow sculpture. The identity of the Carnival Queen caused much speculation and suspense among the student body. The winner of this coveted title, Carolyn Wight, was crowned with due pomp and ceremony on Friday night at the game, and reigned supreme that week end.

The Carnival Ball had fewer wall flowers than most formals, which is proof of its success.

Thus to date are the chief events of this school year.

Pax vobiscum

ROSALIE GEORGE

Marian True Gehring Students' Home Notes

Here is the story of the girl's dorm,
Although my poetry is not true form,
All I ask is a smile,
As you read all the while,
And hope there will not be a storm.

We have a Dean named Bailey,
Who makes us wear stockings daily.
At morning and noon
It's the same old tune,
To which we won't give in gaily.

There was a lady named Lundy,
Who likes to ski every Sunday;
She'd ski and she'd ski,
With the utmost of glee,
And forget her tests for Monday.

There once was a teacher named Mutch,
Who always gave us the "Dutch";
"As ladies", she said,
"We ought to be dead,
For we never acted as such."

There was a grand person named Soule,
As an actor she played any role.
"There'll be stars in her crown,"
If she'll only come down,
And not reach for such a high goal.

I know a teacher named Smith,
Who is happy and full of pith.
Your troubles you take,
For her to remake,
As her ways are made of "frith."

There once was a miss named Newman;
Oh, what gym classes she could plan.
We all run and we jump,
Without lightness we "skump",
To become a light artisan.

The parade ends with Miss Gallagher,
Whose lessons are concerned transfer
For satin and lace,
She picks the right face,
To beautify us for a Sir.

I have a roommate named Claire,
And really she's not quite all there.
'Tho the weather's not fine,
She'll ski all the time,
As if she had never a care.

There once was a gal named Jan,
Who had quite a very cute tan.
She'd strain and she'd stretch;
Her breath couldn't "ketch",
But from every diet she ran.

There was a young lady named Linnitt;
Any story to tell she could spin it.
All trouble to spare,
She was always right there,
And "up to her neck" she was in it.

There once was a girl named Pat,
Who tried—oh so hard—to grow fat;
She ate six meals a day;
Couldn't vary her "weigh",
Just fancy the pity of that.

There is a cute girl named Peg,
And she does not have to beg;
She's short and she's blonde;
Of skiing she's very fond,
A winner is she, the very first leg.

Of the two Holmes' one's name's Fran,
As different as far as one can scan,
For she's humble, she's bright;
From the morn 'til the night,
Never will she try to "tupan".

Harriet is the other Holmes,
She's fun to have at everyone's homes;
In her hair there is a curl;
She's a tiny little girl;
And not far from the dorm she roams.

Next is pretty Carolyn Goudy,
If you're nice, she'll always say "howdy."
She's tall and she's fair,
With beautiful hair.
She's lots of fun, but is not "Loudy."

Carolyn's roommate's name is Nora,
For brains, she is no "dumb Dora."
She is a good sport, too,
In whatever you do;
'Cause she's grand right through to
The core.

Now, there is a girl named Field.
Who, I am sure, has never "squealed."
What a beautiful head!
For her hair is so red,
It's brilliance can ne'er be concealed.

There once was a girl named Mickey,
Who thought she'd be so tricky.
She skied down the hill,
Took a beautiful spill,
Now her left leg she can't "kicky."

Louisa's last name is Bacon;
No hard work does she ever shun.
When she is around,
One has to be sound,
For she never leaves a thing undone.

Two Marjories room together;
Each has such a strong character,
That it is hard to guess,
Their ultimate success,
On this subject they'll ne'er confer.

Now of course, there is Caroll Gay,
Who reads or knits every day;
Has a snappy retort,
Although she is very short,
For her mark she cannot delay.

There's Eva, Mary, and Nancy Ann too,
Who help keep the dorm from being blue;
Everyone is so "swell",
No harm can I tell,
I'll not say a thing that I'll rue.

Jan Lawrence's name should be "Candy",
For then it would rhyme with "Andy";
In the sun or the rain,
By the bus or the train,
She'll go, for he is a "dandy"!

Neuswanger's first name is "Glad",
For never is she very sad.
She's a country miss now;
Can even milk a cow,
And how that gal does love to "gad."

Her roommate's name is Jane;
She's one girl with a brilliant brain.
Tho the saying may go,
"Beautiful but dumb"; it's not so,
For she does have plenty of swains.

Mary Lou and Anna are grand gals;
As roommates they are perfect pals.
They're not rough, they're not tough,
But there is plenty of "Bluff",
And they are very whimsical.

Mava and her roommate Gretchen,
Live in a small, one windowed den;
Mava is very small;
Gretchen is quite tall;
Neither has trouble with her men.

Of course you know our Mary Sue,
And another named Arlene Donahue.
I don't know them too well;
No facts dare I foretell;
There's no telling what they might do.

That Marshall gal's first name is Jeanne;
With her roommate is hardly ever seen.
Now there's Betsy Kosslow,
Who's quiet, we all know,
And both have a humor quite keen.

There is a waitress named Jeanette;
About nothing does she ever fret.
She's blonde and she's cute;
Is so quiet she seems mute;
That her calmness one never forgets.

The next one is Barbara Graves,
A girl who has many close shaves.
She has stored to carry,
A load of "the old Harry",
Tho like a child she often behaves.

From Canada there is Phyllis,
To quietness she will not "submit",
If there is trouble about,
She is sure to come out,
For any fun she hates to miss.

She has a roommate named "Liz",
Who plays the piano like a whiz;
She will join in the fun,
When ever it is begun,
For just like her roommate do is.

Dottie West and Barbara Hastings
Will always help with your ironing.
They're congenial it's true,
Most anything can do,
And at their work they always sing.

Chaffee's full name is Margaret;
In trouble she is bound to get.
From the morn till the night,
She will take great delight,
In teasing that makes us all fret.

Phyl Andrews is a cute blonde,
Of her you can't help but be fond.
She is so full of fun,
All our hearts she has won.
Who'll wear her first diamond?

Of course there is Thelma La Tulip;
That girl will have no rivalship.
She giggles up the scales,
Tho nothing really ails,
Her infirmities I will skip.

I cannot forget Patty Gould.
She's one gal that cannot be fooled.
When she plays the oboe,
Such joy I undergo,
That I'd like it to be overruled.

GIRLS' DORMITORY

The very last is Anne Litchard,
Who's not apt to be caught off-guard.
She's as smart as a whip,
For a grade she did skip,
And in high school that's very hard.

This article is all in fun.
To show you how it all is done,
Seventeen hours a day,
While the dorm is at play, so,
I'll just sign this "Betty Runyon".

Holden Hall Notes

SLAMS AND JAMS

Hold your hats, ladies and gentlemen, buckle your safety belts, and attach your oxygen masks. We're off on a high flying tour of America's finest dormitory. Pause a moment at the entrance hall to read the plaque dedicating the dormitory to the late Liberty E. Holden.

On your left is the office. Here the communication systems converge. This is the "control tower" of the dormitory. I might add the evil of all evils, the bell, is rung from here. Why doesn't someone do a great thing for civilization and invent a soundless bell? What would some of the boys do about breakfast if that happened?

Opposite the office is the library. Here we have a fine, new, collection. These are always available to us for study and recreational reading. A library committee, consisting of members of the dorm, do the necessary duties that have to be performed.

In the first room abides our prospect to relieve champ Joe Louis of his crown, Lewis Littlehale. "Rain or shine the mail must go through." That's Lewis' job.

Next door is half the combination known as "the Bennett boys." They're our mighty muscle men. This half is known as Vernon, alias "Big Ben." For the last few weeks Vernon looks as if he's been chewing a permanent "jaw breaker." What happened? Someone "Clough" you?

Shall we drop in the recreation room for a few shots of pool? Between arguments of whether we'll endure "Bill" Wright's

cowboy music or Frank Murdock's operas, we occasionally have a pool tournament. The victor (not Kahill) is usually that man with the curvy outline, Bob Townsend. He's thinking seriously of pitching a tent between the pockets and settling down to a nice quiet life on the table. (Sort of starting from "Scratch")

Let's continue our journey. In the next room is our Charles Atlas. "Art" John Emerson amuses himself, and others, by transplanting lockers at the field house. Maybe he eats wheaties! Next on our list is the future New York cab driver. "Hans" Haines can make anything from a pair of skis to a one cylinder motorcycle take him places. Did you hear about the brick wall Jack hit? Oh, you've never met Jack, that explains it.

In the room on the lower corner abides our dorm-master, Mr. Chivers. If you have anything on your mind regarding skiing don't be too bashful to ask him. He's practically a human encyclopedia. Rumor says he is going to work for Uncle Sam next year. If Adolph suddenly declines his weekly ski jaunt in the Alps we'll know the reason why.

Speaking of skiing, we have a really remarkable team. It has been undefeated so far this year. "Mal" Brown, "Virg" Adams, "Tommy" Jacobs, "Bud" Runyon, Jim Reid, Lewis Littlehale, and "Ozzie" Morton represent the dorm. Mr. Chivers, of course, is coach.

"Bob" Sawyer and "Stub" Arnold keep house opposite Mr. Chivers! "Stub" ardently admires "Fats" Waller. I room directly overhead and feel like a personal friend of Mr. Waller. I've heard him so much.

That "Jones Boy", Norm Torrey, lives next door. Norm also keeps a collection of "canned" music. Have you ever heard of someone suddenly thinking skating is America's most lovable sport? We have.

How's your voice? If you should feel so inclined as to have it recorded, see "Bob" Golderman. He has "lasting impressions" of nearly all the fellows. The neatness of

the library, you must have noticed it on the way through, is partly due to "Bob". Mr. Sawyer also helps out considerably in that department.

Last on our first floor revue is "Big Harl" Penney. Mr. Penney can supply information about any young lady across the street.

Take another breath of oxygen. We're ascending to the second floor. Mr. Bate-man, Joe Stalin's right hand man, occupies the master's suite.

"Bud" Runyon and I room across the hall. I could tell a lot about him, but will try to restrain myself. Bud indulges in about everything that goes on here, well, nearly everything. Instead of being lost in the bullrushes, he's lost in the "Reids".

"Whip" Abbe, our congressman from Washington, receives more mail than any movie star. The dorm receives two mail deliveries. One for "Whip", the other for the rest of us. If Messrs. Petty and Varga

think their "art" is wasted they should look at Whip's walls.

Whip and Frank Murdock have something in common: they both like Frank's cookies. During study hours the air is thick with the missiles going across the corridor. Occasionally we can coax one in this way. Frank just wrote a new song. It's something about "Rosalie, My Darling". By George, Frank, we think you've got a hit on your hands.

What do you know about horses? If there's anything you'd like to know ask "Bill" Bartlett. "Bill" and Jim Reid are roommates. Jim turned out to be our star center of the football squad. "Bill" is a track man. He's been "Runyon" all over school since he came last fall.

Seabury T. Short (I never could find out what the T. meant) took the part of Larry Reagan, the gangster, in our Senior Play. He was rough, tough, and ready. (Mostly

BOYS' DORMITORY

ready.) In real tennis competition call on "Seab". He's really a star player.

"Don" Clark and "Sandy" Richmond are our "drummer boys". Don had a terrific headache last February. After a quick diagnosis by Dr. Lawrence he was rushed to Lewiston where he and his appendix peacefully parted. Yours truly presented "Don" a book with the regards from the dorm. I saw in person the reasons "Don" took so long recovering. Nice people, these nurses. "Sandy" keeps everything anyone might want to read that isn't found in the library. (some things that aren't found in any library.) He's an ex-basketball star of Calais High. His brother, Clark, rooms with the pool champ, Bob Townsend. Clark follows Sandy's footsteps on the basketball court. "Bob" is also basketball minded. He should be a star for the "Blue and Gold" next year.

"Virg" Adams specializes in football and running cross country for the ski team. He has already tucked many victories under his belt. "Virg" rooms with our angler, "Mitt" Cameron. "Mitt" is one of the quietest fellows here, at least that's my story. "Virg" has a different one.

It's a good thing "Mitt" is quiet because "Cannonball" Wright and Mark Harvey, across the hall, make more noise than the rest of us combined. "Cannonball" wasn't christened thus because of his love for guns. Mark will someday represent G. A. from behind the footlights. As a cute brunette in our "Ten Pretty Girls" act he was a knockout.

Warren Patten was practically our only representative at the diet table. The ordeal proved too much for Warren. He decided to change tables rather than bear the humiliation of drooling over each piece of meat that went by. There's a story about him. With knife and fork in hand, he ate the three missing bricks in the front steps.

"Virg" Curtis is another newcomer in our midst. "Virg" has a habit we rather like, receiving boxes of cookies from home. "Vic" Kahill might well be called our campus cut-up. He can get into trouble easier than anyone I know of.

While we were on the first floor we didn't see "Mort" Prescott. He was busy looking around for someone to argue with. Mort shoots a nice game of pool. He'll gladly give anyone advice on possible "banks", "kisses", and other various shots known only to such experts.

We're back upstairs again. Let's stop in on "Tommy" Jacobs. Don't let a few odd things scattered about distract you. "Tom" can ski with the best of competition anywhere. I might also add that he can eat with the best of competition.

Arnold Bennett, the remaining half of the "Bennett Boys", rooms next to Tom. Arnold can give Tommy best competition at the dinner table. Next in line is "Malcy" Brown. "Mal" is a top notch skier. It must run in the family. He's good in each and "Eva" event.

Who won the World's Series in 1891? Ask Nick Amato. Nick knows everything there is to know about baseball. He's also a fellow who spends some Saturday evenings at a certain house playing bridge. That's a new name for it. "Dave" Hawkins rooms with Nick. "Dave" plays a bang-up game of football. We're looking forward to seeing him run a fast 440 this spring. We have a representative here from Canada. "Roy" Packard keeps us informed as to how Canada is helping the cause.

Another of our football stars is "Ozzie" Morton. If there's anything going on hereabouts Ozzie will be "(L)innitt". "Fran" Gilman is here to prove Gould can top his home town Academy, Fryeburg. "Fran" believes that being on time to breakfast means any time before it's finished.

In our travels we missed our genial nurse, Miss Davis, who lives in our infirmary. For those of us who are infirm, there is always a welcome at her room. By the way fellows, there's candy in that box on her bureau. (At least there was!)

With no harm intended, and a few misplaced slams, I bring to a close this year's dormitory notes.

The first meeting, or the "get-acquainted" meeting, was a hot dog roast held in Lockes Mills at the picnic grounds. It was a rather windy day but between gusts of wind we were able to take a few bites of an ash-covered hot dog. In spite of all difficulties, everyone had a good time.

As is the usual custom of Girl Reserves, two girls from each of the three upper classes, accompanied by the president and adviser, went to the Girl Reserve Conference which was held in Bangor this year. The girls were well entertained and had much worthwhile information to carry home with them. They gave reports of the Conference at the meeting which was held shortly after their return.

We had another very interesting meeting which consisted of a discussion—"Dorm Girls vs. Town Girls". Much good was accomplished at this meeting for whatever feeling there was, if any, seems to have been helped considerably.

The Senior Play

At Gould we present one outstanding dramatic production a year, the Senior Play. As its name suggests, it is entirely given over to the Senior Class, under the

capable direction of Miss Mary M. Soule. Not that the seniors alone have all the Barrymores and Hepburns, but it's just one of those responsibilities, or part of the glory, that goes with being a senior.

This year's play was "The Night of January Sixteenth". It is a modern comedy-drama in three acts, and something new and different at Gould. (You may have seen the movie version but it can't compare with our production. Maybe I'm prejudiced, but you may draw your own conclusions.) The entire play is a court scene, the trial of a young secretary accused of murdering her employer. To add to its unusualness, the jury was selected directly from the audience, and the final verdict was left to this jury to decide. (The populace of Bethel have very sympathetic hearts for the verdict in our production was "Not Guilty"!) The cast included:

Music

There are many musical organizations under the capable direction of Miss Griggs.

Last spring we participated in the Western Maine Music Festival which was held in Portland. The varsity glee club received an "A" rating.

We also attended the New England Music Festival in Auburn and Lewiston. Here, the varsity glee club won another "A" rating, this time with special commendation. As an added honor, it was included as one of the three glee clubs invited to appear on the evening program. The selections were "Sanctus" from the St. Cecelia Mass by Gounod, and "Czechoslovakian Dance Song".

The glee clubs and orchestra provided music for the commencement.

This year we have a newly-organized band with twenty-nine members. It made a very fine appearance at the dedication of Farnsworth House. The uniforms are in the school colors with white sweaters and blue caps and pants or skirts. The instrumentation is as follows:

In November the Varsity Glee Club presented a program of sacred music at the Community Church at Lockes Mills.

The Glee Clubs and Orchestra presented a Christmas Vespers entertainment at the Congregational Church.

The Orchestra also provided music for the Senior Class Play.

Private lessons were offered in piano, voice, and the instruments of the band and orchestra. Thirty-one students took advantage of this opportunity. In addition, a girl's voice class was organized for girls in the Glee Club who are specially interested in improving their voices. It consists of eight girls.

There are five classes of music appreciation. Two are freshman classes, two advanced, and one is an evening class which was offered at the request of several townspeople.

Soloists and various groups have entertained at many community gatherings this year.

A musical program was held in the spring in which the Girls' Glee Club ably presented the one act operetta, "Lady Francis" by Canington, and the orchestra played miscellaneous numbers.

Home Economics

The girls who took Home Economics this year have received their instructions in sewing, cooking, grooming, child care, and home furnishing from a new member of the faculty, Miss Thelma Gallagher.

If the girls who took Home Economics before this year visited the "cottage" today, they would probably think they had stepped into a picture taken from "House Beautiful".

The old class room has been transformed into part of the new modernistic kitchen with new white sinks, small white tables for the cooking classes, new white electric and oil perfected stoves, and numerous new cupboards. The floor, like the other rooms, has been covered with inlaid linoleum. The "good fairy" also waved her wand over the pantry which is in harmony with the kitchen and in which there is a new electric refrigerator.

The girls in the cooking classes are divided into family groups; the groups number from four to six, depending upon the size of the class. They assume the name, position, and tasks of various members of a real home. Each member of the family shares the responsibilities of a household. This plan works on a rotating system. The meals are planned on a menu basis and consumed by the family.

After the Junior Class completed the Home Furnishing unit, the girls went on a Field Trip to Lewiston where they selected new furniture for the living room and dining room and later arranged it in the rooms.

The regular class room is now upstairs in addition to the sewing room. The sewing room now boasts of new sewing tables and a few new sewing machines. Up here the girls learn the basic principles of sewing and how to make garments both simple and complicated.

Miss Gallagher is a supervisor teacher, and for the first time a student teacher has been sent to Gould Academy to receive her training. Miss Betty Vose of Farmington State Normal School did her six weeks

practice teaching under the supervision of Miss Gallagher. These girls, seniors in college, do a period of training under a supervisor before they are graduated in June.

March 13 was set aside for Open House, at which time tea was served. Mrs. Sumner Sewall was an honor guest.

The Home Economics cottage was open for inspection on Parents' Day, one night during Education Week, and the day of the exhibition, April 9.

I am sure no girl regrets the time spent in her "Home Ec." classes, because she has gained some valuable knowledge that will prove useful to her in later life.

Industrial Arts Department

Fifty-five boys, better than half the boys of the school, are registered in the Industrial Arts Department this year. The students seem very enthusiastic and are showing keen interest due to a considerably changed and enlarged program. In the past the straight shop work in wood supplemented with Mechanical Drawing was all that was offered. This year the addition of Art Metal, which includes the pounding, shaping, and bending of sheetmetal along with coloring, piercing, and etching varies the work. The making of suitable designs adds interest to this work also.

Some work has also been started in Wrought Iron. Bill Wright has made a lamp; "Bud" Clough, a wall flower pot holder, and Richard Bean, a candle holder. These projects involve the designing and bending of scrolls out of band iron. Other projects will be completed before the term is over.

Sheet Metal and Electricity are to be added to the course also; but as yet, supplies that are necessary and vital machines, have forestalled any work in those lines. They may however be started before the year is over.

The wood turning lathes have been kept humming in all classes this year from the freshman up through the seniors. Practice problems, mallets, gavels, chisel handles, and small lamps have been the popular projects of the lower classes, while the upper classmen have made numerous end tables, lamps, fruit and nut bowls.

Only three persons are taking the straight drafting course this year. They are "Bud" Ireland, Harlan Penney, and Whipple Abbe.

The 1942 Industrial Arts Exhibit has been set at a later date than usual. It has usually been held just prior to the spring vacation, but this year the date is April 9. The addition of the new subjects to the course means a considerable change in the products exhibited. Judging from the already completed and partially completed projects, parents and friends will find a varied and interesting display.

The 1942 Industrial Arts Classes are made up of the following boys:

FRESHMAN: Stanley Bean, Harry Chase, Louis Cole, Harold Connor, Virgil Curtis, Robert Davis, Frank Gibson, Ralph Grover, Robert Kellogg, Howard Lapham, Fred Mason, Charles Merrill, O'Neil Saunders, Robert Swan, John Mills, John Morse, Donald Morrill, Maurice Kendall.

SOPHOMORES: Richard Bean, George Bryant, Sherman Emery, Kenneth McInnis, Ruel Swan, Arnold Bennett, Francis Berry, Stanley Davis, Ernest Grover, William Grover, Guy Parker, Robert Sterns, Raymond Swan, Francis Vail, Richard Walker, Earl Wing, and Harland Penney.

JUNIORS: Albert Buck, Wilfred Coolidge, Richard Jordan, Clayton Sweatt, Arthur Chayer, Arthur Emerson, Hugh Scarborough, and William Wright.

SENIORS: Virgil Adams, Whipple Abbe, Edward Bean, Vernon Bennett, "Bud" Clough, Irving Cummings, Mark Harvey, Freemont Ireland, Jr., Earle Littlefield, Louis Littlehale, and William Robertson.

Commercial Notes

Late in the fall, all students interested in commercial work as their vocation met with Mr. Vachon and Mr. Myers for guidance in that broad field of work. They made it plain to these students that Gould Academy's Commercial Department does not intend to offer a course complete in itself as it did ten and less years ago. The world has changed since then. Instead, it intends to give a course that will only start vocational training that should be followed by more extensive training after leaving Gould Academy.

The Bookkeeping I class was fortunate in

having new books for its course the first semester. These work books, along with reference books, provide the student with a broader background of our business world and how to prosper in it before proceeding to Bookkeeping I itself.

The Office Practice group consisting of nine senior girls has been very busy printing programs for various organizations, for the Senior Play, Freshmen Reception, and work needed in different classes. Each drew a cartoon on the mimeoscope which not only was good practice but also interesting. This group also has been working a great deal on the new crank-driven Monroe calculator.

Rear row: Coach Robert Rathbone, Mark Harvey, Henry Haley, Milton Cameron, and Assistant Coach Edmond Vachon.

Typing II class has been given additional work on the full-bank adding machine and the ten-key adding machine. This class also has started a project in keeping individual records of Defense Stamp sales.

The Bookkeeping I class started the Defense Stamp drive by a "pep talk" on November 11. Jack Haines introduced the speakers and gave reasons for buying Defense Stamps and Bonds. Glendon McAlister spoke about the different types of bonds available and their value at maturity. Rachel Gordon gave important statistics explaining that these bonds are safe securities. Janice Lawrence added how we, as a student body, can help our government by buying Defense Stamps and Bonds at Gould Academy. Defense Stamp sales started immediately, and continue to be boosted by enthusiastic Americans of Gould Academy.

Track

The Gould track team of 1941 got off to a bad start by dropping its first meet with Edward Little. This defeat was what the boys needed to spur them on, and they came back strong to win the next two meets and take a second place in the Oxford County meet held at Gould. They also made a good showing at the state meet.

The team, coached by Mr. Rathbone and Mr. Vachon constituted a squad of twenty-two men, including several former letter men.

Four records were broken in our first meet with Edward Little High although we were defeated 59 1/2 to 48 1/2. Captain Sidney Howe heaved the shot 40 ft. and tossed the javelin 158 feet and 3 inches, Earle Barlowe set a new mark of 57.1 seconds in the 440 yard dash, and Blanchard made a new record of 125 ft. and 8 inches for the discus throw.

In the next meet, a four-way affair, "Sid" Howe led the Gould team to victory by winning three first places and picking up a third.

The score was, Gould 52, Rumford 45, Wilton 31, Phillips 3.

In the triangular meet with Norway and South Paris Captain Howe of Gould was high scorer with 14 1/3 points. Gould won 55 2/3 points, Norway 42, and South Paris 10 1/3.

At the Oxford County Meet, won by Stephens High, of Rumford, three records were established. Charles St. Thomas cleared the bar at 5 ft. 6 inches in the high jump; Howe heaved the javelin 151 feet; and Runyon ran the 120 yard low hurdles in 14.3 seconds.

At the State Meet Gould placed fourth with the following scorers: Howe—second in javelin throw, third in high jump, fourth in broad jump, and first in shot put.

Runyon—second in 120 yard high hurdles, and second in 220 yard low hurdles.

Littlehale—third in discus throw.

Bull—tied for second in pole vault.

On March 9, the 1942 squad, consisting of 25 men under the coaching of Mr. Bate-man started practice in the cage. The '42 track team shows promise of a good season in the track events, with Bryant running the mile, Runyon in the hurdles, and Hawkins and Ireland in the 440; but the field events will be weakened by the loss of the former captain "Sid" Howe.

The schedule for '42 is as follows:

April 25—Wilton, Rumford, and Mexico. Here.

May 2—Bates Freshmen.

May 7—Norway and Fryeburg. Here.

May 16—Landon Institute.

May 23—County Meet at Rumford.

May 30—State Meet at Portland.

Football

With a new head coach, Mr. Fortier, ably assisted by Mr. Myers and Mr. Anderson, and four seasoned veterans, Captain "Bud" Ireland, "Whip" Abbe, Earle Littlefield, and "Virg" Adams, enthusiasm and spirit by both the squad and the student body moulded a good football season. The starting line-up was as follows:

L. E., "Nick" Amato; L. T., "Whip" Abbe; L. G., "Virg" Adams; C., "Jim" Reid; R. G., Earle Littlefield; R. T., Vernon Bennett; R. E., "Dave" Hawkins; Q. B., "Billy" Robertson; L. H., "Ozzie" Morton; R. H., "Bud" Ireland; F. B., Lewis Littlehale.

"Charlie" St. Thomas, "Stan" Davis, and Arnold Bennett, in the line, and Wilfred Coolidge and "Bo" Lovejoy in the backfield played exceptionally fine roles as reserves.

The first game of the season resulted in an overwhelming defeat at the hands of Fryeburg. The final score was Fryeburg 31, Gould 0. The following week-end, the Blue and Gold, taking advantage of their experience at Fryeburg, ran rough shod over Gorham, N. H. The whole team played a marvelous game with the accent on "Whip" Abbe, who was a tower of strength on defense, and "Bud" Ireland, who scored four touchdowns, three of them on beautiful runs of 35, 45, and 55 yards, respectively.

FOOTBALL

Left to right: Front row: Oliver Morton, Jack Haines, William Robertson, Virgil Adams, Fremont Ireland, Lewis Littlehale, Earl Littlefield, Whipple Abbe. Second row: Manager Edward Bean, Wilfred Coolidge, David Hawkins, Vernon Bennett, Charles St. Thomas, Nicholas Amato, Assistant Coach Myers, Coach Fortier. Third row: Fenton Robertson, Warren Patten, Ernest Grover, Stanley Davis, Glendon McAlister, Arnold Bennett, James Reid, Frederick Kneeland.

The final score was Gould 53, Gorham 6. In the next game with Norway, who was favored to win, the "Huskies" surprised them with a decisive 12 to 2 victory. "Bud" Ireland scored both touchdowns with two brilliant open field runs. South Paris defeated Gould 14 to 7 in a heart-breaking thriller the following week. However, "Dave" Hawkins, "Whip" Abbe, and Earle Littlefield played a bang-up game on defense. Gould Academy travelled to Bucksport the next Saturday, and surprised everyone by handing them a 6 to 0 defeat. Our team was heavily outweighed and seemed doomed to defeat. The final game of the season resulted in a 7 to 7 tie with Newport, Vermont.

Gould 0—Fryeburg 31

Gould 53—Gorham 6

Gould 12—Norway 2

Gould 7—South Paris 14

Gould 6—Bucksport 0

Gould 7—Newport 7

The team improved steadily as the season progressed and toward the end of the season they became a formidable aggregation. The team's strength lay in a strong defense for both running and air attack. Their weaknesses were a lack of reserve strength and a potent offense.

Those who were presented their letters were the eleven men listed in the starting line-up and "Stan" Davis, Arnold Bennett, "Bo" Lovejoy, and "Ed" Bean, Manager.

"Dave" Hawkins and "Jim" Reid will be the only veterans returning next year, but there is plenty of promise from the underclassmen to build another good team and a great football season.

The following is a schedule of next year's games:

Sept. 26—Fryeburg

Oct. 3—Gorham

Oct. 10—Norway

Oct. 17—at Lyndon Institute

Oct. 24—Open

Oct. 31—Wilton Academy

Baseball Notes

The Gould Academy baseball team got off to a good start for the year 1941. Conditions were ideal for early spring training and both coaches and players were jubilant as they turned out for a workout on the new athletic field.

There was a good turnout of boys eager to participate in America's favorite sport. Among the veterans were Captain "Bud" Clough, now in his fourth year of varsity baseball, and doing a mighty good job at short; Nick Amato and Billy Robertson, Coach Anderson's pride and joy on the basketball floor, giving their best at left field and second base, respectively, and, Clayton Crockett at centerfield. Others who had seen action were "Willie" Coolidge at right field, and "Bud" Ireland at first. Francis Berry, the only freshman on the team, did a very good job at third. "Ted" Jenks as pitcher and "Bob" Perry as catcher made a good combination. Both players were sometimes relieved by Clough and Wright.

The only casualty of the year was experienced when "Nick" Amato crashed into a tree on the Gorham field. He recovered sufficiently to finish the game in very good form.

In their initial encounter with Gorham, the Huskies came off with a 5-3 victory over their rivals. They also scored against South Paris, 17-8. In their game with Fryeburg they seemed to strike a losing streak which stuck by them for the rest of the season.

Below is a summary:

Gould 5—Gorham 3

Gould 17—South Paris 8

Gould 7—Norway 11

Gould 8—Fryeburg 9

Gould 2—South Paris 4

Gould 11—Norway 16

Winter Sports

Whether the student body realizes it or not, Gould Academy's most successful athletic team during 1941-42 was the ski team. Besides walking away with the State of Maine Interscholastic Championship, they also won the Eastern Interscholastic Cross-Country Championship and placed second in the finals of the Eastern Interscholastic Championships behind Berlin, N. H., whom they had previously defeated in dual competition.

Members of the ski team and the Outing Club started work early in the fall on the ski hill. The jumping hill was made higher and wider; the take-offs were set back and

raised; and a tower was built for the higher take-off. Even the girls pitched in and helped clear the slalom hill of trees, brush, stumps, rocks and bumps. It is safe to say that Gould now has one of the best slalom hills and thirty meter jumps in New England. But there is still room for improvement; may the good work continue.

One of the most interesting meets of the season was the dual meet with Kimball Union Academy whose outstanding skier, Bill Bull, graduated from Gould last year. But although Bill skied well for K. U. A., the whole Gould team was out to beat him and that spelled defeat for Kimball Union. It was in this meet that "Blackie" Cum-

mings made the longest recorded standing jump from the low take-off, ninety feet, and Mr. Chivers did the same for the higher take-off, one hundred and fifteen feet.

It was with crossed fingers that Gould faced Berlin a week later, for Berlin had been undefeated in two years of high school competition. But Gould's all-around ability and depth were too much for Berlin's Henderson and Fysh. It was the team score that counted and Gould succeeded in breaking Berlin's winning streak and remained undefeated themselves. Gould was reigning supreme.

Then after breezing through an easy carnival victory over Edward Little High School of Auburn and Hebron Academy, the big meet arrived, the State Champion-

ships. The downhill was held at Bridgton on Friday. In this event "Bud" Ireland, the winner, set a new course record. And incidentally, Gould not only won the interscholastic team race but they also chalked up a higher score than any of the Maine College teams which were racing in conjunction with the schoolboy meet. The next day the remaining events were held at Gould. Virgil Adams started the day off right by winning the cross-country, and "Bud" Ireland finished it by winning the remaining events. This, plus the seconds and thirds garnered by the other members of the team, won the State Championships, while Caribou, the defending champions, finished in fourth place as a result of the strange conditions which they found here, mainly hills. Gould was still reigning supreme.

SKI TEAM

Left to right: Front row: Manager William Bartlett, Virgil Adams, James Reid, Thomas Jacobs, Fremont Ireland, Gilbert LeClair, Malcolm Brown, Elmer Runyon, Instructor Chivers.

On March 13 and 14 the team traveled to Laconia, New Hampshire, for the United States Eastern Interscholastic Ski Championships. There were the six best teams from New Hampshire, the four best teams from Vermont, the New York Champions from Lake Placid, and Gould, the Maine Champions. The cross-country was held the first day, Friday the thirteenth. This day proved lucky for Gould as Virgil Adams came home the winner. "Bud" Ireland was third and Malcolm Brown was sixth. However, "Bud" Runyon and several others seemed to dislike the four mile course, so they ran off on a longer eleven mile jaunt which took them a little longer. Gould won this event.

The next day the downhill was held first. "Bud" Ireland managed to find the most shortcuts through the trees which resulted in his winning this event. In team score Gould also kept ahead of their nearest rivals, Berlin, whom they had already defeated once during the season. The slalom was about the same story, "Bud" Ireland placed third and the team score stayed about the same. But in the afternoon the whole aspect changed, our luck ran out. "Jim" Reid fell on one of his jumps; "Bud" Runyon broke a ski in the trials; "Bud" Ireland fell on all three of his jumps; and "Mal" Brown fell on his second effort. That left only "Tommy" Jacobs to uphold the reputation of the school which he did admirably, making two graceful leaps which put him way ahead of many who had jumped farther. He placed fifth, while the team finished last in this event. Berlin then jumped into the lead both literally and idiomatically and Gould fell into second place. But they did defeat Laconia, Lebanon, Woodstock, New Hampton, Lyndon Institute, Rutland, Plymouth, Hanover, Northwood, and Northfield.

Besides the scheduled interscholastic ski meets, Gould was also represented at the Eastern Slope Ski Club invitation team slalom on Cranmore Mountain and at the Rumford Carnival. Mr. Chivers won the race at Cranmore but the rest of the team did not furnish enough assistance to win

the team race. Gould was third behind Plymouth and the University of New Hampshire Ski Team. At Rumford "Bud" Ireland was first, "Mal" Brown was fourth, and "Bud" Runyon was sixth in the slalom, and Mr. Chivers was second in the jumping.

Captain "Bud" Ireland, Virgil Adams, "Bud" Runyon, "Blackie" Cummings, and Manager "Bill" Bartlett will be lost through graduation, and Coach Chivers is entering the Service this summer. But there will still be a group left who will know how to carry on headed by "Mal" Brown, "Tommy" Jacobs, "Jim" Reid, Gilbert McClair, Ruel Swain, and "Dick" Emmons.

Varsity Basketball

Emerging as champions of Oxford and Knox Counties, Gould's basketball team this year was indeed a very pleasant surprise. Having lost the majority of last year's first string men, we were rather unprepared for a strong season. Of last year's team we were left only the veteran

players, "Nick" Amato, and "Billy" Robertson, who were incidentally elected as co-captains for the 1941-42 season. We were lucky, though, in having "Charley" St. Thomas blossom into a real scoring threat. Another gift from the gods was our long, lanky center, Clark Richmond.

The first game, played against the Alumni, was an excellent beginning with Gould the winner of a 35-19 game. Gould went through a very successful season with 11 wins out of 14 games played. Two of these losses were by one point in an overtime period. The third was a close game dropped to Kennebunk High School in the semi-finals of the Western Maine Class "B" Tournament. The score of this game, Gould's hardest battle, was 31-26. Gould's season was one to be envied with its twin

BASKETBALL (Boys Varsity)

winning streaks of five games each with one overtime loss to Fryeburg Academy in between.

The last game played by this team was against Kennebunk High School in the semi-finals of the Western Maine Class "B" Tourney. This game was by far the most exciting of Gould's encounters. In the first period, Gould led by the score of seven to their opponents three. In the second quarter, both teams fighting valiantly, raised the score to Gould 14, Kennebunk 12. Then in the third quarter, both teams again surged onward with Kennebunk coming up a bit to tie the score at 23 all. Finally, in the fourth period, Kennebunk jumped to a five point lead which they held for the last few minutes of play to make them the victors in a very hard fought game.

Scoring for the season was distributed quite evenly with "Charley" St. Thomas with 145 points, Clarke Richmond with 128, "Nick" Amato with 98, "Billy" Robertson with 80, "Hiram" Berry with 22, and Wilfred Coolidge with 10.

Substitutes for the Varsity were Wright with 6 points, McInnis with 4, and Townsend with 12.

As a total Gould amassed 505 points to their opponents 331.

We wish to congratulate Coach Ordell H. Anderson for producing a fine team and we wish him the best of luck in the coming year.

JUNIOR VARSITY BASKETBALL

This year the Gould J V's had a rather poor season, but they came through in the end winning five games and losing six.

The group in the beginning showed to be rather inexperienced but under the able coaching of Mr. Bowhay, they materialized into a team much beyond our expectations.

The team was formed as follows:

Forwards—Jordan, Bryant, and Robertson
Centers—McInnis, Parker, and Morrill
Guards—Bennett and Young

CLASS BASKETBALL

This year we looked forward to good strong fights in the class games and we again got them as we did last year.

The freshmen this year put up a great scrap but due to their size they were seriously handicapped.

The sophomores came out with a very strong team, materialized for a great part from the class team of last year into a fast-playing unit.

This year's juniors, the winners of last year, came out too, with a strong team.

The seniors seemed to be the big threat with "Sandy" Richmond as their "big gun".

This tournament was a healthy scrap all the way. We were very interested to see, near the end of competition, that there was going to be a three way tie between the sophomores, the juniors, and the seniors. In the first play-off the juniors defeated the seniors 10 to 7. Then the sophomores and the juniors squared off in a hard battle which was finally won by the sophomores.

Congratulations Class of '44!

The girls physical education program is planned and supervised by the Athletic Council. Every girl who attends Gould is a member of the Athletic Association. Those with ten points or more have voting power and the right to hold office. The officers are chosen by the council of the preceding year.

The officers for the school year 1941 through 1942 were as follows:

President	Hope Bean
Vice President	Carolyn Wight
Secretary	Marilyn Marshall
Senior Representative	Herbertina Norton
Junior Representative	Louisa Bacon
Sophomore Representative	Ann Aldrich
Freshman Representative	Betty Warren

GIRLS' ATHLETIC COUNCIL

Left to right: Front row: Rachel Field, Carolyn Wight, Barbara Newman, Faculty Adviser: Hope Bean, June Enman, Miriam Bull. Rear row: Betty Warren, Emma Blake, Nora Chipman, Anna Aldrich, Marion Colby, Louisa Bacon, Margaret Chaffee, Herbertina Norton, Marion Chapman.

Hockey Manager	Rachel Field
Tennis Manager	Nora Chipman
Archery Manager	Marion Chapman
Hiking Manager	Dora Gallant
Basketball Manager	Marion Colby
Winter Sports Manager	Miriam Bull
Badminton Manager	June Enman
Softball Manager	Margaret Chaffee
Volley Ball Manager	Emma Blake
Faculty Adviser	Miss Newman

POINT SYSTEM

Points are given out as follows:

- a. For attending all practices except when excused by coach.
 1. Basketball—5 points
 2. Softball—5 points
 3. Hockey—5 points
- b. For membership on teams.
 1. Basketball, Hockey, Baseball, Volleyball—two extra points for class teams and five extra points for Varsity.
- c. For the required amount of Hiking, Winter Sports, Tennis—five points.
- d. Council members receive 3 points.

Awards are made on the point basis. A girl receives ten points for active membership. When she has reached thirty points, she is given her class numerals. She will get the school letter for fifty points and a silver medal for eighty points.

This year a new idea was introduced into the girls' program. Gold and Blue teams, made up of every girl in Gould, were chosen by Rachel Field and Janet Smith, the two captains, respectively. In the fall a Gold and Blue tournament was conducted in hockey. Likewise, in the spring, Gold and Blue teams will be picked again from the group going out for softball and volley ball for similar competitions in these two sports.

HOCKEY

Manager, RACHEL FIELD

Assistant Manager, JANET SMITH

There were two hours of required and two hours of optional hockey a week this year. In order to get points in this sport it was necessary to attend at least 80% of the after school practices. An inter-class

competition was held in which the sophomore team was victorious. At the close of the season, there was a Gold and Blue team tournament. The Gold team won by two out of three games.

Sixty-one girls will get their points in hockey this year.

TENNIS

Manager, NORA CHIPMAN

Fall practices were held twice a week in tennis for those who had already had some experience in this game. The spring practices will be for beginners wishing instruction in this sport. Betty Runyon was the winner of the fall singles tournament. Six girls will receive points for fall tennis.

ARCHERY

Manager, MARION CHAPMAN

This year archery was taken up for the first time in the girls' sports program. It was necessary to attend at least 80% of the practices to attain one's points in this activity. The freshman team won the interclass tournament.

Sixty-five girls received their points.

HIKING

Manager, DORA GALLANT

In order to get their points in hiking this fall, the girls were required to take one forty-five minute hike a week, six in all, besides one supervised hike, and in addition an approved five mile and an eight mile hike near the end of the season. Forty-eight girls received their points for hiking.

BASKETBALL

Manager, MARION COLBY

As usual, there was a good response to basketball, and a great deal of enthusiasm shown this year. A tournament was conducted between classes and a varsity chosen. The varsity played the Alumnae in January and lost with a score of 17 to 15, in favor of the Alumnae. Later on there will be a return game. The members of the varsity are as follows:

Captain, Marion Colby, Hope Bean, Patricia Laverty, Betty Runyon, Ida Clough, Nora Chipman.

Substitutes: Marion Chapman, "Herby" Norton.

WINTER SPORTS

Manager, MIRIAM BULL

There were five mixed classes for the recreational skiers this year, class one for beginners and so on up to class five for the advanced skiers. Near the close of the season, there was inter-class competition.

A section of the athletic field was cleared for a skating rink.

BADMINTON

Manager, JUNE ENMAN

A freshman and sophomore competition is to be carried on in badminton. In addition there will be conducted a doubles tournament. As in the other optional sports, it is necessary to attend at least 80% of the practices to earn one's points.

SOFTBALL

Manager, MARGARET CHAFFEE

Once again this spring there will be regular softball practices for those wishing to participate in this sport. There should be a favorable turn out, because softball usually proves to be very popular. Near the middle of the season both a class and a Gold and Blue tournament will be started.

VOLLEYBALL

Manager, EMMA BLAKE

Volleyball is the third spring sport that will be offered this year. Here again there will be a class competition, with the addition of a Gold and Blue tournament. An attendance to at least 80% of practices will be necessary for points.

GIRLS VARSITY BASKETBALL

Left to right: Front row: Ida Lee Clough, Patricia Laverty, Marion Colby, Nora Chipman. Second row: Betty Runyon, Marion Chapman, Hope Bean, Herbertina Norton, Emma Blake.

On April 16, the girl's gym classes, under the direction of Miss Barbara Newman, presented a Gym Exhibition, which covered the year's work.

CLAIRE REID

ART CLUB

This second year of the Art Club's existence has shown a keener interest on the part of a greater percentage of the students. Work was done in oils, pastels, pencil, fresco, and water colors.

The chief subjects include still life, copies, models, and scenes from the art room windows. In the outdoor sketching classes, landscapes are done in oils, water colors, and pencil. A new "fad" is the tinting of photographs.

During the month of February, the members of the club sponsored a poster contest,

using the "Winter Carnival" as their subject. All students of the school were invited to submit posters.

Friday, February the sixth, the members of the club were entertained at the home of Stanley Davis. Miss Gwendolyn Stearns was the guest speaker.

The club, which meets on Tuesdays and Thursdays, includes the following members: Malcolm Brown, President; Elizabeth Runyon, Vice President; Marilyn Marshall, Secretary; Filmore Clough, Treasurer; Margaret Chaffee, Stanley Davis, Katherine Kellogg, Ella Morse, Oliver Morton, Frank Murdock, Virgil Adams, Mary Sue Adams, Jacqueline Autor, Miriam Bull, Peggy Cates, Guy Parker, Joan Prince, Marcia Smith, Miss Lundy, Faculty Adviser.
